

Clean Builder's Checklist:

- ◆ Inform all employees and subcontractors of your intent to maintain a clean job site.
- ◆ Stress that participation is mandatory, not optional.
- ◆ Make subcontractors responsible for monitoring their supplies and employees.
- ◆ Send a written notice to any subcontractor or supplier who fails to clean up.

Treat noncompliance the same as any other violation of your contract!

- ◆ Designate an area for breaks and make arrangements for employee trash.

Require that employees comply.

- ◆ Designate a person to police the site for litter each day.
- ◆ Arrange for a dumpster or roll-off container for disposal of trash and debris.

Empty containers before they are overflowing.

- ◆ Develop a plan to keep dirt from the project off the street and out of nearby waterways
- ◆ Be sure that all hazardous waste is disposed of in accordance with federal, state and local requirements.

**NOTE: Building Inspectors
have been asked to report building sites
that are not in compliance of these rules!**

**Thank you for helping to
keep Hamilton County clean!**
